

## AGENDA ITEM EXECUTIVE SUMMARY

Title: **Recommendation to Award Bid for Sanitary Sewer Televising Trailer Equipment**

Presenter: John Lamb

*Please check appropriate box:*

X	Government Operations 7.18.11		Government Services
	Planning & Development		City Council
	Public Hearing		

Estimated Cost:	\$134,999.00	Budgeted:	YES	X	NO
-----------------	--------------	-----------	-----	---	----

If NO, please explain how item will be funded:

### Executive Summary:

This is electric televising equipment installed in a trailer for inspection of sanitary sewers to detect deficiencies or failures in the City's sanitary sewer system. It is used extensively for ongoing maintenance of the sewer system to determine problem areas such as inflow and infiltration that contribute to flooding. This information is then used to assess areas that need lining and assist with the bid specifications for the lining contract. The current system is twenty-two years old and failing.

Staff requested two proposals and Sewer Equipment Company of America is the low proposal at a cost of \$134,999.00.

### Attachments: *(please list)*

Proposals from two companies; EJ Equipment and Sewer Equipment Company of America.

### Recommendation / Suggested Action *(briefly explain):*

Staff recommends awarding proposal to Sewer Equipment Company of America in the amount of \$134,999.00 for purchase of televising equipment.
